Speech by the Dewan at the laying of the Foundation Stone of the Women's Hospital at Chikmagalur.

5th March 1927.

GENTLEMEN,

It was with great pleasure that I accepted Mr. Nagappa Chetty's invitation to lay the Foundation Stone of the Women's Hospital Ward, which he has so munificently endowed, for it gives me an opportunity of giving public expression to my appreciation of his generosity in the cause of medical relief in the State, particularly in providing the medical aid which our women stand so urgently in need of. Mr. Nagappa Chetty has just given us a touching account of the origin of this act of philanthropy; and I am sure all of us feel the utmost reverence and gratitude for the humane inspiration behind it.

Six months ago, during my tour in the Tumkur District, it was my pleasant duty to open a Women's Hospital at Tumkur, which was rendered possible by the combined efforts of the Tumkur District Board and Municipal Council. In doing so, I laid stress on the need there is in the country for more and more hospitals for women and children, and, as it is not always possible for Government to provide them in every case, I appealed to men of position and ample means to contribute out of their substance to this vital need of their fellow-citizens. My pleasure on this occasion is all the greater, therefore, because I feel that I have not appealed in vain. The Ward of which I am now to lay the foundation stone, is the outcome of the commendable philanthropy of one of the leading and respected citizens of your district.

The medical needs of our country are many and imperative and they demand early satisfaction. It is specially gratifying to me to see evidence, in recent years, of the growth of a spirit of self-help in the fight against disease. This is a very encouraging sign, indeed, for you will concede that it is clearly an impossible task for Government to do all that is required in this direction without

With reference to the Senior Surgeon's No.C.2586-5, dated 31st March 1927, about the fitness or otherwise of Lady Medical Officer's quarters for the shifting of the Female Section of the Civil Hospital, I have the honour to report as follows:

(1) The only accommodation available in the Lady Medical Officer's quarters as it is, is the down stairs, provided the Lady Medical Officer is made to occupy up-stairs. Of this portion a portion must be used as Maternity Ward and the other for the dispensary. Unless additions are made or extra accommodation is made available on up-to-date lines, it is not possible to transfer the Maternity to the Lady Medical Officer's quarters. The building is not at all suitable to accommodate the Maternity as it is at present.

As regards the dispensary it may be shifted provided some alterations are made in the down stairs. As it is it will ~~be~~ inconvenience the ~~people~~ public very much, if the dispensary is located there.

The D.C. must summon a representative gathering of the local citizens, place the various alternatives before them & ascertain their opinion. The alternatives are :—

(1) Whether the new General Hospital shall be built on the Club site, if Govt is available — the Meeting ascertain this before hand.

(2) Whether the ~~Hospital~~ Hospital shall be located on the present Hospital buildings,

(3) If the donor (The Nagappa Chetty) is strongly opposed to the transfer of the hospital from the site now selected, what should be done? Shall this donation be refunded?

D.C. must explain the advantages of the proposed arrangement viz that both the hospitals shall be close together, the general hospital be close to the town. It is not going to spoil the beauty of the spot, it will rather improve

Dear Mr. Ramachandra Rao,

With reference to your letter dated 23rd June 1927 re: the site of the Indian Club for the new General Hospital building and the subsequent letters of Mr. Ranga Rao on the same subject, I write to state that I have spoken to some prominent members of the Club who have taken time to consider the question. They have not yet intimated the result to me and have promised to do so in a day or two. Mr. C. Vasudeva Rao and some others are firmly opposed to it, but a few others seem to think that if a good building and grounds (like the Special Magistrate's Court here) can be given in exchange it would be a good thing for the Club. As soon as I hear definitely, I will write to you again. If there is to be a divided opinion, would it not be better to have the subject formally discussed in a general meeting of the Club and a resolution called for? I presume it is after this is definitely settled (whether the Club grounds are available or not) that the meeting of the donors and leading citizens indicated in Mr. Ranga Rao's letter dated 25th June 1927 is to be called and the alternatives put before them.

Dear Mr. Ramaswami,

Selection of sites for the new General Hospital Building etc at Chikmagalur.

With reference to your D.O. letter No.A.2-4226-26 dated 2nd July 1927 on the above subject I am desired to say that, after further consideration, the Dewan thinks that his original decision to put up Mr. Nagappa Chetty's Women's Hospital on the site on which he has already laid the foundation stone and the new General Hospital Building on the site of the present out-agency building may stand. You need not therefore take any further action on the lines indicated in my letter of the 23rd June and Mr. Ranga Rao's subsequent letter. In case you hear from the gentlemen whom you have already consulted you may just intimate their opinions to me merely for the Dewan's information.

Dear Mr. Ramaswami,

I am writing this in continuation of my letter about the Hospital buildings in Chikmagalur. What is required is that you should have a representative meeting of all the leading citizens and have the matter thoroughly examined and all the alternatives thoroughly considered. The alterations are ~~as given in the Bowarks minute~~.-

(1) Whether the new General Hospital should be built on the Club site, if that is available (you must ascertain this beforehand)

(2) Whether the Zanana Hospital should be located in the present Hospital building

(3) If the donor (Mr. Nagappa Chetty) is as stoutly opposed to the transfer of the Hospital from the site now selected, what should be done? Should his donation be refused?

You may kindly explain the advantage of the arrangemants arrived at here, viz., having the General Hospital close together and the Female Hospital close to the town. This will also improve the appearance of the town and seems to be the best arrangement.
